

# GO GREEN!

There's no need to buy new. Take a look at our top tips and upcycle your BIG Christmas Dress Up.

## 1 BAUBLES AND BUTTONS

Find some spare buttons or reach for the Christmas decorations and try sewing them onto your Christmas jumper. You're guaranteed to look incredi-bauble!

## 2 DESIGN A CHRISTMAS T-SHIRT

Get crafty this Christmas. Simply find a plain t-shirt and some fabric pens and draw your favourite Christmas characters. Don't forget to take a s-elf-ie.

## 3 DIY CHRISTMAS JUMPER

Got a jumper lying around? Perfect. Make your own woolly wonder with these simple steps:

- Find some black buttons and orange fabric
- Cut a carrot shape out of your orange fabric and sew it onto the middle of your jumper
- Sew two of your buttons above your carrot
- Use the rest of the buttons to sew a smile below your carrot

You'll be looking like Frosty the Snowman in no time!

## 4 TOTALLY TINSELLED

Love it or hate it, nothing screams 'Christmas' more than tinsel! Attach some to your collar or cuff and make your festive fancy dress sparkle.

## 5 BRILLIANT BADGES

Why not find last year's Christmas cards and make your own badge? Choose your favourite, cut out the image, stick a safety pin to the back with tape and you'll have made yourself a cracking Christmas badge.

Don't stop there! We'd love to see what you come up with.
